Ordering

You are expected to have your complete formal and practical uniform for your first day at Norland. It is very important that you allow time for alterations that might be required to ensure individual garments fit correctly. Alterations are not included in the cost and there may be some additional expense if you need to alter the length of sleeves, trousers and/or dress hems. If you have a conditional offer, please do not alter any garments, remove the tags or dispose of the original packaging, until your place has been confirmed. Schoolblazer's return policy states that you can return items for refund or exchange within 365 days of delivery providing the item is unworn/unused and unwashed and in its original packaging complete with labels.
